Department/Group: Technical Assistance- Home Repair
Location: 3541 W. North Avenue, Chicago, IL
Level/Salary Range: $38,000 - $45,000 annually (depending on experience)

Job Category: Non-Exempt
Reports To: Director of Affordable Housing
Travel Required: Yes, local travel
Position Type: Full-time

Job Description

Organization Overview:
Since 1982, LUCHA (Latin United Community Housing Association) has served thousands of moderate- and low-income families with Affordable Housing Development, First-time Home Buyer Counseling, Foreclosure Prevention, Senior Home Repairs and Legal Assistance. LUCHA owns and operates 198 units of affordable housing, in the West Town, Humboldt Park and Logan Square Communities, and through its Freddie Mac Borrower Help Center counsels 1,300 families annually in Chicago and the Midwest region. LUCHA also partners with residents, community organizers, financial institutions and government agencies to maintain its $40 million in real estate assets and to advocate for greater affordable housing options in the region.

Position Purpose:
In support of its mission, LUCHA has provided home repairs and modifications for low-income seniors and other households in the community through various funding programs as part of its work to prevent displacement and to increase long-term affordability for home owners. To this end, LUCHA helps income eligible residents/homeowners in targeted areas by providing strategies around energy efficiency and resiliency, healthy homes, and accessibility to allow for residents to stay in their homes and communities. The Home Acquisition-Rehab Manager will play a crucial role in the facilitation of these goals. This position will also play a key role in building the infrastructure for a new community land trust in collaboration with community partners.

Job Role and Responsibilities:
The duties of the Home Acquisition-Rehab Manager will include:

- Research and pursue available programs to support the acquisition and rehabilitation of existing properties to preserve affordable housing.
- Research and develop strategies and the framework to develop a sustainable model for an acquisition and home repair program/department and land trust including staffing (internal & external), tools (proformas, software), funding and programs, and partnerships.
- Work collaboratively with community partners to develop the infrastructure for a community land trust.
- Conduct market surveys and site visits to identify potential acquisitions including analysis and documentation of the condition of the exterior, interior and systems of the property.
- Work independently or with consultants to assess the energy efficiency of homes, issues related to healthy living, and/or modifications that can enhance accessibility and to develop a scope of work per project.
- Create project budgets and written recommendations for modifications and/or improvements as defined by the program intent and funding options.
- Manage acquisition of properties with assistance from realtors and legal counsel in alignment with program and budget.
- Coordinate and manage functions to maintain property during acquisition and carrying phase through construction including insurance, site maintenance, taxes, and relationships with neighbors.
- Coordinates the services of realtors, architects, green consultants, contractors in connection with acquisition, design, and construction phases of a project to meet program requirements.
Home Acquisition-Rehab Manager

- Work with government officials to coordinate permits and inspections as required.
- Compile and track client applications for programs utilizing Excel or LUCHA’s client management software.
- Counsel and assist residents to practice energy conservation and healthy home measures.
- Report on the impacts of energy conservation practices among program participants.
- Make referrals for energy audits, home improvement loans, and home energy conservation improvements; provide assistance, facilitation, and follow-up as needed.
- Document the scope of work and program requirements within the program budget and for bidding purposes.
- Develop contractor requirements and bid packages and coordinate bidding by multiple contractors.
- Lead negotiations and contractor selection process.
- Manage relationship with architect and contractor during construction; attend construction meetings, review submittals and change orders, track budget, and work to resolve any construction related disputes.
- Regularly visit construction sites to track progress of work and to ensure project is on schedule.
- Review and approve payment applications from contractors and maintain project accounting to ensure project stays within budget.
- Maintain all client logs for program compliance purposes.
- Regularly report on project status and program budgets to supervisor.
- Meet with block clubs, local elected officials and other area organizations to recruit program participants.
- Collect documents and schedules appointments with potential clients for home repairs.
- Answer phones and greet clients with professional and courteous tone.

Qualifications and Education Requirements:
- Must be fluent in Spanish.
- Certification in a building trade or college degree in architecture, engineering, or construction management or related field preferred.
- Minimum three years’ experience in building repairs, construction, construction management, architecture, nonprofit program management or a related field.
- Familiarity with Home Modification and Weatherization initiatives.
- Experience in public speaking.
- MS Office skills.
- Able to prioritize work and keep calm under pressure.
- Conscientious and detail oriented.
- Ability to work effectively in a team environment.
- Ability to represent LUCHA in a positive and professional manner at all times.
- Must demonstrate integrity and commitment to LUCHA’s mission and values.
- Residents of the target neighborhoods in and around Chicago are encouraged to apply.
